NATIONAL FEDERATION OF REPUBLICAN WOMEN

Vision & Mission

The National Federation of Republican Women is America's foremost political organization, bringing together women to positively impact the direction of our Nation. We come together as a collective force advancing the power of women through political access and participation.

Our mission is to see women from all age groups and walks of life as key players at the political table on national, state and local issues.

Beliefs

We believe our strength comes from diversity of opinion, experience, and culture.

- **We Believe** in the power of grass-roots political activism.
- **We believe** our legacy is developing political leaders for the future.
- **We believe** women are the powerful force for change for the 21st Century.
- **We believe** in government that requires personal responsibility while protecting the worth of the individual.

REPUBLICAN OATH

I believe that the proper function of government is to do for the people those things that have to be done but cannot be done, or cannot be done as well by individuals, and that the most effective government is government closest to the people.

I believe that good government is based on the individual and that each person's ability, dignity, freedom and responsibility must be honored and recognized.

I believe that free enterprise and the encouragement of individual initiative and incentive have given this nation an economic system second to none.

I believe that sound money policy should be our goal.

I believe in equal rights, equal justice and equal opportunity for all, regardless of race, creed, age, sex or national origin. I believe that persons with disabilities should be afforded equal rights, equal justice and equal opportunity as well.

I believe we must retain those principles worth retaining, yet always be receptive to new ideas with an outlook broad enough to accommodate thoughtful change and varying points of view.

I believe that Americans value and should preserve their feeling of national strength and pride, and at the same time share with people everywhere a desire for peace and freedom and the extension of human rights throughout the world.

Finally, I believe that the Republican Party is the best vehicle for translating these ideals into positive and successful principles of government.
